1. The following is an examiner's statement of reasons for allowance:

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicants' apparatus as set forth in independent claim 1 that is particularly characterized at least by the claimed "three or more radiation detectors for detecting ..." and "processor for processing ..." taken together and taken in the overall context of independent claim 1.

Dependent claims 2-15 are allowable for at least the reasons for which claim 1 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicants' apparatus as set forth in independent claim 16 that is particularly characterized at least by the claimed "radome being attached ..."; "three or more radiation detectors ..."; and "processor for processing ..." taken together and taken in the overall context of independent claim 16.

Dependent claims 17-27 are allowable for at least the reasons for which claim 16 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicants' method as set forth in independent claim 28 that is particularly characterized at least by the claimed method steps of "detecting the thus transmitted radiation with three

or more radiation detectors ..." and "processing the respective detection signals ..." taken together and taken in the overall context of independent claim 28.

Dependent claims 29-38 are allowable for at least the reasons for which claim 28 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicants' apparatus as set forth in independent claim 39 that is particularly characterized at least by the claimed "radiation detector ... generating one or more detection signals" and "processor for processing ..." taken together and taken in the overall context of independent claim 39.

Dependent claims 40-49 are allowable for at least the reasons for which claim 39 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicants' apparatus as set forth in independent claim 50 that is particularly characterized at least by the claimed "two radiation detectors ..." and "processor for processing ..." taken together and taken in the overall context of independent claim 50.

Dependent claims 51-60 are allowable for at least the reasons for which claim 50 is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
